

## Submit 'Quality' bids:

- ◆ Score highly in competitive tendering
- ◆ Maximise the effectiveness of your organisation
- ◆ Demonstrate the impact you make

# It needn't be complicated!

Community Enterprise Derby, in partnership with DCAN, are holding an awareness session called 'World-class quality assurance - how to get there and stay there'.

- ◆ National bodies such as NAVCA say there is likely to be a decrease in grant funding by public authorities in future and a greater reliance on competitive tendering for contracts.

**Because of this, organisations are increasingly looking at gaining nationally and internationally recognised quality standards to maximise scores in bidding for contracts.**

This workshop will tell you what you need to know about quality assurance in relation to tendering for contracts in today's climate.

This FREE session will be held on Wednesday 8 February from 10:00 am to 1:00 pm at Community Action, 4 Charnwood Street in Derby

To book a place email [training@communityactionderby.org.uk](mailto:training@communityactionderby.org.uk) or call Liz Gumbley on 01332 227738

"Very useful and informative"

"I have been able to understand the background and importance of ISO 9001"
